RANA WAQAR AJMAL

SOFTWARE ENGINEER

+923161609550 | Karachi | ranawaqar704@gmail.com | www.linkedin.com/in/ranawaqar98

Objective

Undergraduate software engineering student with a strong foundation in Software Engineering and a passion for hands-on learning. Eager to contribute as a software engineer intern to gain practical experience, apply classroom knowledge, and further develop technical skills. Proficient in programming languages such as Java, JavaScript with a focus on problem solving and collaborative teamwork.

Skills & abilities

Effective communicator and collaborator, quick learner of new technologies, and adept at working within agile development methodologies.

Experience

Publish Ex PVT LTD

Angular and Java Internship | 4-month-present

- Designed and developed responsive user interfaces using Angular, ensuring a seamless and intuitive user experience.
- Implemented modular and maintainable code structures following Angular best practices.
- Collaborated with cross-functional teams to gather and analyze requirements for front-end development.

THE TECHCLONE PVT LTD

Front-end web developer | 4-month

- Develop and maintain responsive, user-friendly, and visually appealing websites using programming languages.
- Collaborate with cross-functional teams to optimize website performance, user experience, and SEO.
- My internship experience as a CMS Web Developer has allowed me to apply my classroom knowledge to real-world projects, refine my development skills, and gain a deeper understanding of web development best practices. I am enthusiastic about continuing to grow in this field and contributing to innovative web solutions.
